Completion of Work:

I am satisfied that:

- the excavation has been backfilled and the surface reinstated*
- the work is completed and the area has been left in a safe condition*
- the work area is clear of operatives and all equipment and been left in a safe condition*
- relevant persons have been informed that services made dead may now be reactivated*
- I am not satisfied that the work has been completed satisfactorily and the additional work described below must be completed before this permit may be cancelled*.

* Delete as appropriate
